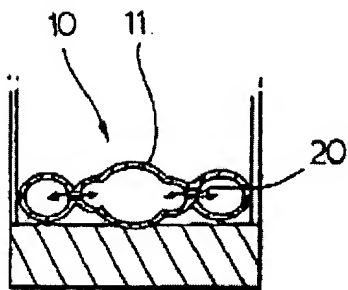

FIG. 2

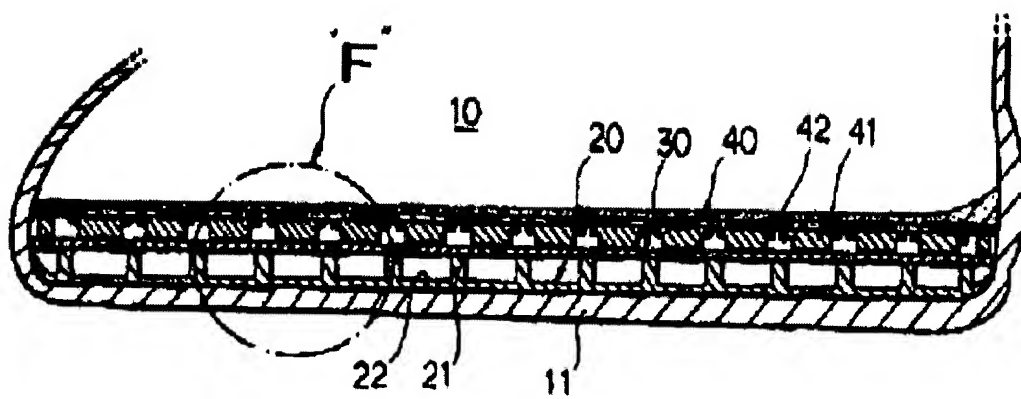

FIG. 3

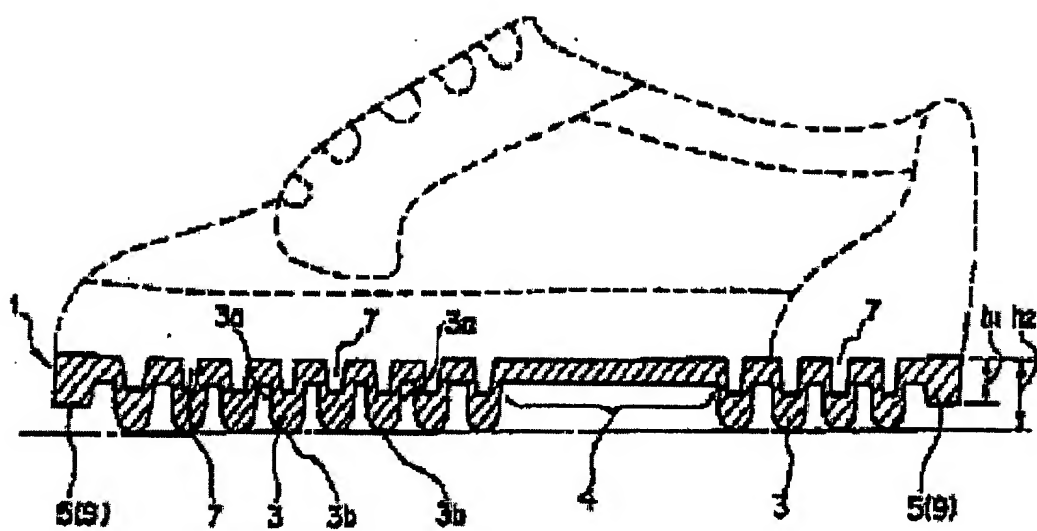

FIG. 4

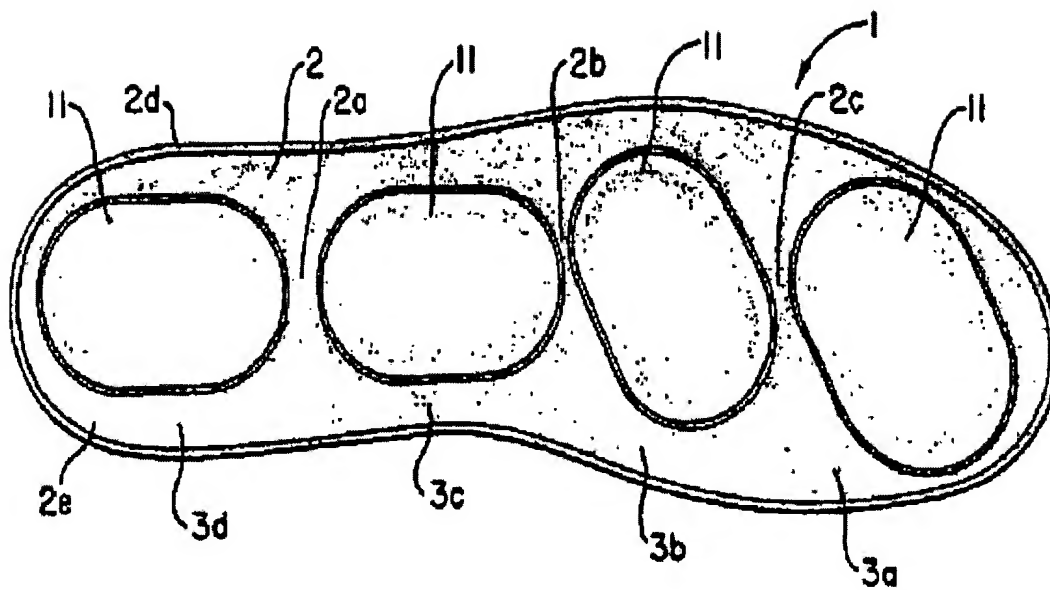

Figure 1 is a side view of a shoe 100. The shoe 100 includes an upper 106 and a sole assembly 103. The sole assembly 103 includes a sole body 101 and a sole insert 102. The sole insert 102 is positioned between the sole body 101 and the upper 106. The sole insert 102 includes a series of protrusions 104, which are labeled 105a, 105b, 105c, 105d, 105e, 105f, 105g, and 105h. A bracket 105 is used to group these protrusions. The shoe 100 also includes a heel portion 107.
